

## Bip<sup>h</sup>aija Birjia

### Song 1.

atare mein ju lena

ju d̄imbu do o

kanaire bakai lena baka

band<sup>h</sup>a kund<sup>h</sup>u

“d̄imbu“ is a fruit ( a big and round fruit, which is generally sour and bitter in taste), it gets stuck up on the top of a bamboo tree whereas it was sowed in the ground. They question in this song, how did it(d̄imbu) reach there?

### Song 2.

birdo moroᅅgo lena birje te rege te

hale bir moroᅅgo lena wala tunda re

This is sung during Sarna puja if a person hits someone else. There is a historical relevance where it is linked back to the death of b<sup>h</sup>asmasur (demon).
